**Attachment to Advisory Action (paper #27)**

The changes made in the proposed substitute specification filed 9/5/95 result in language that is not in proper idiomatic English (e.g. page 2, lines 31 and 32, "unlike what cannot do prior art clamps..."). This is only one of several examples of improper language in the proposed substitute specification. Further, the descriptions of figure 9 constitute new matter and new issues because, among other reasons, there is no figure 9 in the case.

Any inquiry concerning this communication should be directed to Examiner Tom Hughes at telephone number (703) 308-1806 or Fax (703) 305-3579.
